Brandaris Waterfront Services
is pleased to continue its
Wickford Harbor Launch Service
for the 2010 boating season

Wickford boasts one of Narragansett Bay's finest harbors. Its marinas and sheltered coves provide space for more than 800 pleasure boats, including over 300 moorings located both inside and outside of the harbor breakwater. Until now, the vast majority of boat owners have had no choice but to draw-upon their own resources to access those moorings. The Wickford Harbor Launch Service, professionally run by Brandaris Waterfront Services, offers Wickford boaters a long-requested and affordable alternative. We are interested in serving the transportation needs of the Wickford Harbor community.
